Early Learning, Child Care and Family Resources

Resource Consultation

Together with families and community partners, Early Learning Child Care and Family Resources at KW Habilitation works to help children and youth in Waterloo Region thrive in licensed child care programs.

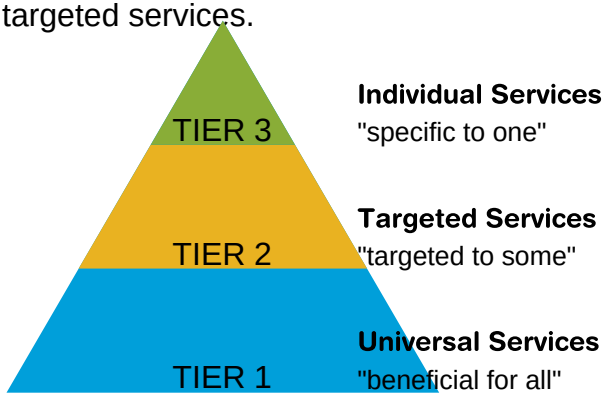
WHAT WE DO

Resource Consultants support the needs of all children from 0-12 years of age who have a social, emotional or developmental need attending licensed child care programs in Waterloo Region. Our role is dependent on the need of the children, families and the ELCC program.

HOW WE WORK

We work in a tiered services model with the goal of building capacity in educators, to promote inclusion and to support all children within licensed early learning programs. Children aged 0-4 can benefit from support at all levels and school aged children, aged 4-12 receive tier 1, universal services and tier 2, targeted services.



REFERRALS

To make a referral, visit the referral tab on the Special Needs Resourcing Collaborative website (**www.snrcwaterlooregion.ca**) and go through the "Decision Tree".

A SNAP Coordinator will review your referral and connect you with the most appropriate services to support your child's participation in a child care program.
