SNR Collaborative

Together, KidsAbility and KW Habilitation make up the Special Needs Resourcing Collaborative (SNRC)

SPOT Program

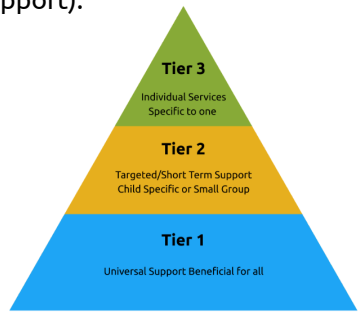
Supporting Early Learning and Child Care (ELCC) Staff to promote inclusive early learning environments for all children.

WHAT WE DO:

We offer consultative support to licensed early learning and child care programs by the following clinicians: Speech and Language Pathologists, Occupational Therapists, Physiotherapists, Recreation Therapists, Instructor Therapists (providing behaviour support).

HOW WE WORK:

We work in a tiered service model and each tier involves a different level of support.



For more information visit KidsAbility.ca or sign up for SNRC Emails

REFERRALS:

All referrals for licensed child care programs will go through SNAP.
